Nyssa, Oregon. 97901

Subject: Great Customer Service!

To Whom it May Concern!

We have recently upgraded equipment with our Response Care resident emergency call system. The Sterling sales team, and the technical service department were a pleasure to work with during the whole process. It is great to know that you have honest and caring people to work with. With Sterling you don't feel like you are just a number. Thank you again to Edward, Josh, and Keri for all the help!!!
